A. **Description of the Lincoln Trail Workforce Development Board, Workforce Development Area and the Kentucky Career Center System – Lincoln Trail**

The Lincoln Trail Workforce Development Board (LTWDB) is the workforce development strategy and policy board for the Lincoln Trail Workforce Development Area (LTWDA), formed and certified under the provisions of the federal Workforce Innovation and Opportunity Act (WIOA) of 2014. The Lincoln Trail Workforce Development Area consists of 8 counties in central Kentucky: Breckinridge, Grayson, Hardin, Larue, Marion, Meade, Nelson and Washington. The LTWDB in partnership with the Lincoln Trail Chief Local Elected Official (CLEO), has responsibility for the planning and oversight of workforce development services under the Workforce Innovation and Opportunity Act.

WIOA recognizes the value of the one-stop delivery system, and provides the workforce system with important tools to enhance the quality of its one-stop (career centers) centers. The law strengthens the ability of states, regions, and local areas to align investments in workforce, education, and economic development to regional in-demand jobs. It also places great emphasis on achieving results for job seekers, workers, and businesses. Finally, it reinforces the partnership and strategies necessary for one-stop centers to provide job seekers and workers with the high-quality career services, education and training, and supportive services needed to obtain good jobs and stay employed; as well as to help business find skilled workers and access other supports, including education and training for their current workforce.

The publicly funded workforce system envisioned by WIOA is designed to increase access to, and opportunities for, the employment, education, training, and support services that individuals need to succeed in the labor market, particularly those with barriers to employment. It aligns workforce development, education, and economic development programs with regional economic development strategies to meet the needs of local and regional employers, and provide a comprehensive, accessible and high-quality workforce development system. This alignment is accomplished by providing all customers access to high-quality one-stop centers that connect them with the full range of services available in their communities, whether they are looking to find jobs, build basic educational or occupational skills, earn a postsecondary certificate or degree, or obtain guidance on how to make career choices, or are businesses and employers seeking skilled workers.

The three hallmarks of WIOA include:

- The needs of businesses and workers drive workforce solutions, and local boards are accountable for this within the communities they serve.
- One-Stop Centers (career centers) provide excellent customer-centric services and focus on continuous improvement; and,
- The workforce system supports strong regional economies and plays an active role in community and workforce development.

B. **Purpose of Solicitation**

In our new “normal” Covid-19 world, our regional employers are struggling to fill vacant positions and have expressed interest in holding virtual job fairs in addition to the traditional in-person format. Also, as this region prepares for the arrival of the Blue Oval SK Battery Park in Glendale and subsequent supplier firms that will most likely locate in the region, the need for this technology becomes more significant. The Blue Oval SK Battery Park will bring at least 5000 jobs to the region but prior to its arrival, the contractors of the facility will also need to hire 4500+ individuals. That hiring will begin in early November 2022.

Currently, the Lincoln Trail Workforce Development Board nor its KCC-Lincoln Trail One Stop Partners possess the capability to offer virtual job fair options to its local employers and the sole purpose of this RFQ is to solicit a platform that will meet the needs of the regional employers, the system and the Board. In the Lincoln Trail region, the board oversees the KCC-LT (Kentucky Career Center – Lincoln Trail) one stop system. This project will provide the KCC-LT system with a platform to host virtual job fairs for employers in the region with limited staff preparation, planning and costs. Instead of taking weeks or months to plan and prepare, job fairs could be held daily if needed.
