Invitation for Bid: SUPERSTRUCTURE REPLACEMENT –HORAN LANE (CR 1038) (078C00102N)

BID NO: 2026-04

Date Issued: April 22nd, 2026

Bid Opening: May 7th, 2026

Addendum #1 Date Issued: May 6th, 2026

ADDENDUM #1

- 1. Drawing Sheet # 4 of 7 shows a 32' long proposed bridge out to out, however the specifications call out a 36' long structure. Since it was difficult to determine the out-to-out length, use 36' in your bid and expect to field cut the final length.**
- 2. W18x192 beams are specified for this project. Please use this beam size for your bids. The County may consider other beam sizes based on availability and actual length needed in accordance with KYHL-93 Steel Beam Standards. This decision will be made after the winning bid is accepted by the Fiscal Court.**
